SPARE PARTS TERMS AND CONDITIONS

These Standard Terms and Conditions for Spare Parts contain the general terms and conditions which are applicable to agreements whereby the Customer intends to purchase spare parts from Spa Industries Global Pty Ltd (Spa Industries Global). Within this agreement Spa Industries Global represents the Seller, and the Customer to whom this quotation is addressed to, represents the Buyer.

Delivery Terms and Place of Performance:

The delivery terms for the spare parts are Ex Works Spa Industries Global Head Office Hallam, unless expressly stated otherwise. The place of performance is the principal place of business of the Seller. Any risk of loss shall be transferred to the Buyer.

Warranty:

The Seller warrants that all new and refurbished spare parts will be free from defects in design, material and workmanship except for ordinary wear and tear and corrosion. This warranty does not change or extend the warranty duration or status of workmanship except for ordinary wear and tear and corrosion. This warranty does not change or extend the warranty duration or status of the spa on which these parts or upgrades might be installed.

The warranty categories for spare parts are:

- New spare parts: 12 months parts only replacement starting from the date of purchase. Copy of proof of purchase required.
- Refurbished spare parts: 6 months parts only replacement starting from the date of purchase.
- Used spare parts; without warranty

The Seller will not be liable for any indirect or consequential loss or damage whatsoever arising out of or in connection with any spare part.

The warranty of the Seller is limited to repair or replacement of the defective part, or to a refund of an equitable portion of the purchase price, the choice of remedy being at the Seller's discretion. The Seller shall be notified of any defect without any delay. Where new parts are supplied, the old parts become the Seller's property and shall be returned to the Seller at the cost of the Buyer. The warranty shall not apply in cases where defects have been caused by natural wear and tear, improper use or maintenance, system failures due to the use of parts not purchased from the Seller, alteration by the Buyer or third parties, accident, external force, chemical action, or other forces not attributable to the Seller. Any work carried out by the Seller to correct any defects in such circumstances shall be chargeable at the then current published prices.

Excluded from the warranty are seals and gaskets, O-rings, lamps, bulbs, fuses and all other consumables.

The Seller will not be bound or liable in any manner for any representation or warranty made by any person, except as specifically set forth herein.

Parts installed and services invoiced as part of a paid on-site service visit, will include a 30- day labour and travel expense warranty. If another item or action was determined to cause the failure, the entire visit and travel expenses will be invoiced at published rates of the Seller.

Return of Material:

Materials or parts subject to the terms of this agreement shall not be returned to the Seller until the Buyer has submitted an FM72 (Goods Return Form) to the Seller. The Buyer shall be liable for all transportation charges and any other expenses relating to the return of parts for warranty service. The Buyer shall bear all expenses incurred by the Seller for unauthorised shipments and the risk of loss or damage during transport of the spare parts.

Replacement spare parts may be new or equivalent to new. Unless specifically agreed in writing, return of the spare parts constitutes the Buyer's authorisation for the Seller to repair such items and to charge the Buyer any and all costs of repair, labour, parts, handling, freight and insurance at the then current published prices of the Seller.

The Seller reserves the right to refuse the repair of spare parts at its sole discretion. Under no circumstances will the Seller repair or refurbish parts not produced or sold by the Seller.

Cancellation Fees:

If an order is cancelled by the Buyer prior to shipping for any reason, the Buyer will incur the following cancellation fees;

- Stock items – 10% of the order amount
- Non stock items (special orders) – 50% of the order amount

Goods Returned Fees:

If any items purchased are returned by the Buyer for any reason, the Buyer will be responsible for all freight charges, ensuring the goods are returned in an 'as new'/unused condition and the incur following goods returned fees;

- Stock items – 35% of the order amount
- Non stock items (special orders) – 75% of the order amount

Miscellaneous:

The terms and conditions of this agreement are in addition to Spa Industries Global Trading Terms and Conditions
