Play

Encourage them to Step Outside

An Aarons cubby is the best gift you can give your kids for a balanced childhood full of fresh air, exercise and imaginative play.

Social Butterflies

Your kids will love having their own space to let their unique personalities come to life! Interactive play is a huge part of learning, so let them run wild in the safety of your backyard (+ invite their friends over too!).

Creative Juices

Give your kids the space their creativity deserves, whether they are a budding artist, interior designer or origami sensei. And you'll benefit from all the quiet, clean space you have in the house now that their creations are in the cubby.

Circus Strength

Your kids need a safe way to explore their world + grow their muscles. From scrambling up a net to scooting down a slide, you'll see your child's co-ordination + strength flourish on one of our cubbies.

Dream Big

Your little ones can be a shop owner, a surfer, a doctor, or even the Queen enjoying a high tea! Giving your kids their own space for imaginative play opens up endless possibilities for their future. The memories are priceless.

Lifetime of Tea Parties + Adventures

With over 25 years of history in building cubbies, we know what your kids want as much as you do!

Safe as Houses

Your kids are beyond precious and deserve their playhouse to be as safe as home. Painstakingly considered and intricately designed, our cubbies are built with a Colorbond steel roof, UV protected skylight, and construction grade, weather protected yellow tongue flooring.

Site Inspections

Gripped with indecision? Spoilt for choice? Good news – you get to decide on the play area of your dreams IN your own backyard. Our Site Inspectors are well-trained to hold our sample kits, tape measure and your hand all at the same time.

Flexible Payment Options

We have flexible payment options to help you take home your cubby sooner. Choose from a stress-free layby service for up to 9 months or interest free finance with ZipMoney. Whatever your situation is, we have you covered.

Standard Features

With extra head height (1900mm) to give parents easy access, and no weight limits, it's safe for everyone to play together. Our cubbies are built using 100% Australian Greenguard treated sustainable timber, sliding Perspex windows, and stable doors with double sided knobs for easy access.

Delivery + Install

You will love coming home to your brand new Aarons cubby without having to lift a finger. There is a reason that our customers choose this service – it's cost effective and hassle free.

Virtual Walkthrough

Prefer to explore our range of cubbies without leaving your home? Simply get in touch and we will take you on a personal cubby tour from the comfort of your couch.

Styles for Smiles

With 11 cubby styles to choose from, 5 elevation kit heights + various imagination options, the possibilities are endless.

Wraparound

Taj Mahal 3.2m x 3.3m

Make a statement with everyone's backyard favourite. The Taj Mahal offers a wraparound verandah plus space for all our attachments. Designed to accommodate growing bodies and evolving interests.

*Ask us about adding a wraparound verandah to one of our other cubbies!

Wide Gable

Playhouse 2.3m x 4.4m | Castle 2.3m x 3.3m
Bungalow 2.3m x 2.6m

Beautifully proportioned on the outside, and with extra width allowing for easy furniture placement inside. Our classic wide gable styles feature an A-frame opening at the front, making it easy for adults to step inside for play time.

Narrow Gable

Mansion 1.7m x 3.3m | Villa 1.7m x 2.7m
Cottage 1.7m x 1.8m

If your backyard has more length than width, then these space savers are designed for you. There's no need to compromise on quality or style - even our smallest cubby is larger than others.

Aussie Verandah

Manor 2.4m x 2.6m | Palace 2.4m x 3.2m

With a verandah emulating country cabins and outback homesteads, these little houses fit right in with our Aussie backyard lifestyle. Fire up the barbie while your kids relax on the verandah of their own little house.

Open Layout

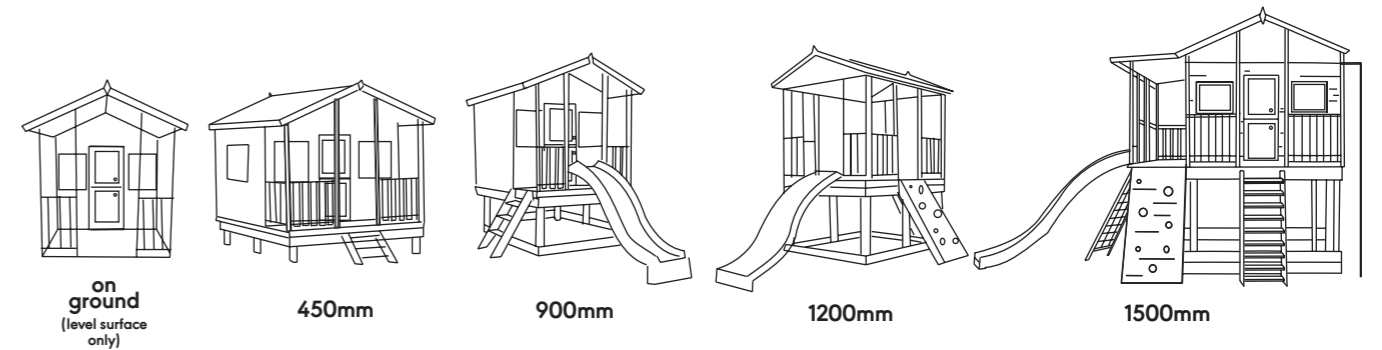

Tower 1.8m x 2.4m | Lookout 1.8m x 1.8m

Whether it's to keep an eye on the kids or take advantage of the cool breeze, our open layout forts could be the choice for you. Combine with any of our enclosed cubbies with a combo bridge for the best of both worlds!

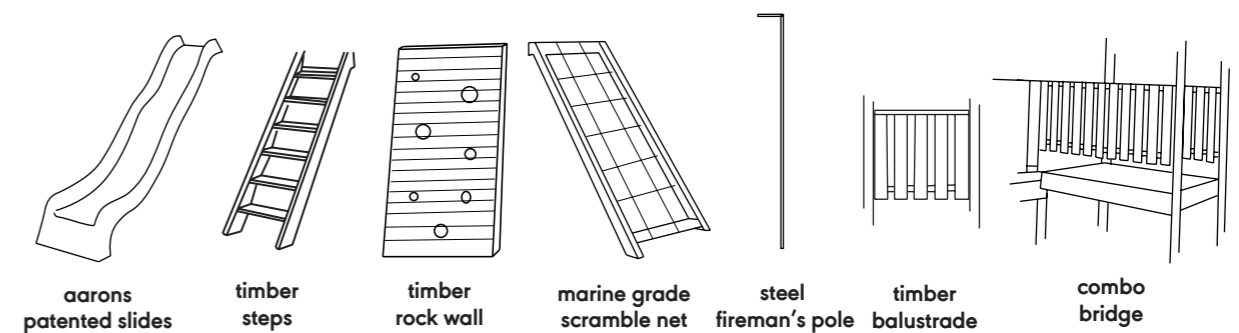

Reach for the Stars

Our cubbies can be installed on flat sites, unlevel sites + even off retaining walls!

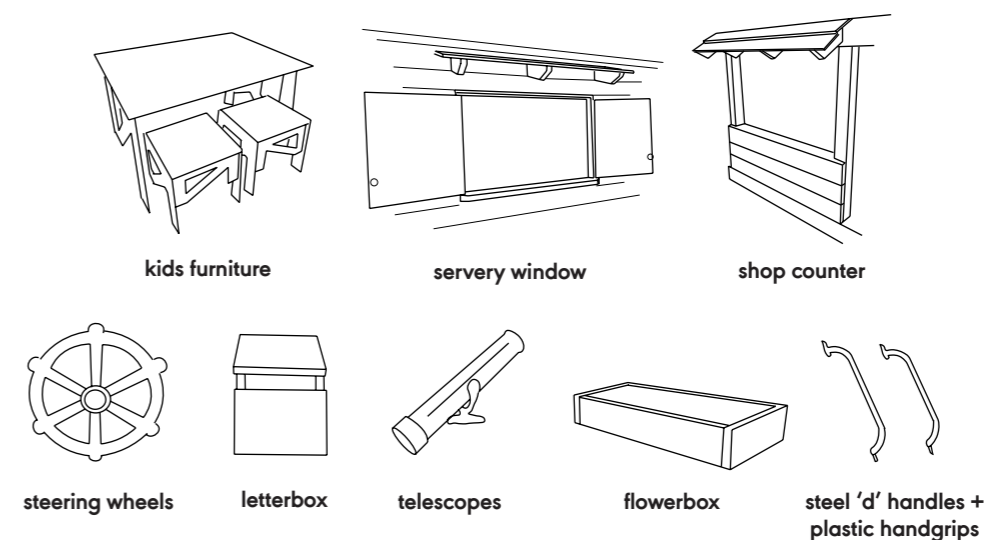

Aarons Attachments

Our elevated cubbies are packaged with some of these accessories or mix + match your own

Amaze + Accessorise

Encourage your child's imagination with these amazing accessories for added adventure

Aarons Quality Guarantee

Living your best life outdoors is good for you and super fun. It's also serious business to us. Your Beliefs are Our Values, and we apply this to each product we bring to your backyard.

Eco-Friendly

Our sustainable timber breathes on the ground thanks to our arsenic-free, low VOC treatment. We proudly reduce our carbon footprint through locally sourced materials + a commitment to lasting (re-homeable) quality.

Australian Made

All timber products made in Australia using Australian materials purchased from Australian suppliers. We only import what we can't source here. Our businesses are Australian owned + operated.

Built to Last

Each end product is lovingly designed and crafted by hand with longevity in mind. Our products have been around for 25 years and are passed down to the next generation of home owners and families.

Love Outside

Your family and friends connect, laugh and love outdoors. Everything we do encourages and nurtures that bond. We are passionate about moving away from screens and giving our kids room to grow... Step Outside.

Aarons Outdoor Range

Our surprisingly affordable range will add incredible value, lifestyle and WOW factor to your home.
